MIDWEST LIVESTOCK REVIEW and RANGE AND FEEDLOT SALES

Prices declined on all classes of live-stock. Slaughter steers and heifers declined rather sharply under the influence of liberal early marketings and lower dressed beef prices. Steers sold unevenly weak to \$1.25 lower, the greatest downturn on weights under 1100#. However, at St. Joseph and Kansas City, prices were steady to 25¢ higher. At the seven markets the average weight of slaughter steers dropped to 1073#, thus marking the tenth consecutive week that average steer weights have lowered. Slaughter heifers sold 25¢-\$1.00 lower. Cows were 50¢-\$1.00 lower. Feeder cattle and calves were generally steady to 50¢ lower, with the exception of Sioux Falls and St. Paul where prices were strong to 50¢ higher. Barrows and gilts sold steady to 50¢ lower. Spring slaughter lambs closed 50¢-\$1.50 lower.

SLAUGHTER CATTLE AND CALVES - Slaughter steer and heifer prices suffered the first general decline in the past eight weeks after reaching new highs since last spring. Increased receipts and lower wholesale dressed meat prices combined to effect the downturn. Extremely hot weather over most of the nation further curtailed demand for fresh meats. Twelve market receipts were the largest for any week since mid-January. Feeders made up the largest percentage of the run for any week of the season. The general market on slaughter steers was weak to \$1.25 lower with weights under 1100# showing the most decline. However, St. Joseph and Kansas City steady to 25¢ higher and the scarce supply of Prime over 1200# also steady to 25¢ higher. Heifers 25¢-\$1.00 lower, here again St. Joseph steady to 25¢ higher. Cows 50¢-\$1.00 lower and bulls weak to \$1.00 lower. Vealers and slaughter calves steady to \$1.00 lower, except St. Paul steady to \$1.00 higher.

Slaughter steers: Four loads Prime 1275-1435# \$31.75 at Chicago, most Prime 1200-1400# brought \$30.25-31.50 with mixed Choice and Prime 1200-1450# \$29.00-30.25. At other markets mixed Choice and Prime \$29.25-30.50, bulk Choice \$26.25-29.00, Good \$23.00-26.50.

Slaughter heifers: High-Choice and Prime \$27.25-27.75 and on Monday load Choice and Prime 1000# at Chicago \$28.25, most Choice heifers \$25.00-27.00, Good \$22.00-25.00.

Slaughter cows: Utility and Commercial \$14.00-16.50, Canner and Cutter \$11.50-15.00.

FEEDER CATTLE AND CALVES - Hot dry weather the past two weeks, especially in the Southwest areas, triggered the first substantial movements of feeder cattle to market this season. Relatively high price levels for feeders in the northern areas where pasture conditions remain good influenced movement in that area. Most offerings consisted of Medium to

low-Choice 550-850# steers with a moderate number of calves offered in the Southwest. Many markets found partly fattened two-way cattle moving out to feeder accounts as slaughter cattle prices leveled off and suffered a general decline for the first time in many weeks. Demand was good for feeders especially over 750# and partly fattened two-way cattle good for a short term in the feedlot. Prices were generally steady to weak with the exception of Kansas City, Wichita and Oklahoma City which were weak to mostly 50¢ lower, extremes \$1.00 off on some steers under 550#. These markets showed the most increase in feeder receipts. Kansas City, with 10,000 offered on Monday and Oklahoma City almost 10,000 in their Thursday auction, suffered most of the decline. Conversely to the north, Sioux Falls and St. Paul were strong to 50¢ higher.

Feeder steers: Good and Choice 800-1000# mostly \$23.00-26.00; loads and lots 800-950# usually partly fattened \$26.25-26.50. Medium and low-Good 800-1000# \$19.50-23.00. Good and Choice 550-750# \$23.50-28.00, few loads Choice with an end of Fancy 550-585# \$28.50-30.00. Medium and mixed Medium and Good 550-750# ranged \$18.50-25.00, mostly \$20.00-24.00.

Feeder heifers: Good and Choice 525-750# \$21.00-26.00, few loads and lots Choice \$26.50-27.00.

Feeder calves: Good and Choice 350-550# steers bulked \$25.00-30.50. Four loads Choice 450-465# \$32.00-33.00 and load 474# \$33.15 at Sioux City. Good and Choice 300-500# heifers \$22.50-29.00, few loads Choice and some Fancy \$29.50-31.00.

HOGS - Terminal markets - The trend in hog prices was mildly lower during the past week, a fractional drop in receipts at leading centers being offset by losses in dressed pork. At most of the leading mid-western centers, barrows and gilts weighing 190-260# of No. 1-3 grades predominated, the supply of heavy butchers being extremely small. Weights below 190#, even though relatively scarce, were in narrow demand. There was, however, a partial recovery in prices on weights below 180# at St. Louis where a sharp break had been recorded the previous week. Barrows and gilts generally sold steady to 50¢ lower with the exception of the Interior Iowa-Southern Minnesota area where prices were steady to 25¢ higher. Sows which made up between 9 and 25 percent of the receipts sold steady to 25¢ lower for the most part, Indianapolis and Interior Iowa-Southern Minnesota Area were exceptions with prices ranging steady to 50¢ higher.

Barrows and gilts: Closing sales U. S. No. 1-2, 200-250# ranged from \$18.25-19.00; No 1-3, 190-270# barrows and gilts sold at \$18.00-18.75.

Sows: No. 1-3, 250-400# \$15.50-17.50; No. 2-3, 400-600# at \$14.00-16.00. Feeder pigs at St. Paul were steady, Choice 120-160# brought \$17.50-18.00. At Sioux City prices were steady to 25¢ lower, most Good and Choice 130-160# at \$15.50-16.50.

Interior Iowa-Southern Minnesota area receipts totaled 282,000 head, compared with 251,000 last week and 281,000 year ago. Even though early price advances were partially lost on late rounds, barrows and gilts were still steady to 25¢ higher. Sows were 25¢ higher.

BOSTON WOOL MARKET REVIEW

Prices were steady to firm for greasy domestic combing wools. Trading was slow with supplies rather small. Few lots of woolen wools and noils were traded at steady prices. Pulled wools were moderately active with demand fair. A firm price trend prevailed for 12 months wool in Texas mainly in view of limited supplies. Average style traded at \$1.26-1.28.

The markets at Melbourne and Fremantle opened in Australia this week. Bradford, the Continent and Japan were active buyers. It was reported that 90/95 percent of the total supply has been sold at the above mentioned markets. Prices for merino wools were about 2-3 percent lower than the close in July. Cross-breds were largely 5 percent off. During the forthcoming week of August 27 sales will be held at Sydney and Adelaide.

Fleece Wools - Graded 60/62s good French combing and staple fleece wools netted around \$1.16-1.18 on a clean basis. Graded 56/58s staple and good French sold \$1.08-1.10. Trading was slow for small supplies.

Territory Wools - Graded 64s good French combing average style Territory wool brought \$1.27 clean basis.

Texas Wools - Odd lots of poor style 12 months wools brought \$1.23-1.24 clean basis, delivered East.

Mohair - There was a very poor demand, however, some small lots of adult mohair sold 46½¢ while 81½¢ was paid for kid delivered to warehouse. These prices steady at the previous week's decline.

Foreign Wools - While some of the Australian markets have opened for sales, most buyers in the United States were not active. Reports indicate that quality of cross-bred and merino wools was poor. Very small volume lots of Montevideo lambs wool 58/60s good weight for November/December delivery sold 63¼¢, in bond. Greasy 1962/1963 Montevideo super skirted 60/64s were sold for November/December shipment at 98¢ and 60/58s at 94¢, all clean wool fibers present.

Carpet wools - Greasy Buenos Aires November carpet wools were offered for shipment around 66¢. New Zealand 702/3 crutchings from 54¢ to 56¢. Relatively very little product was offered for sale and trading continued slow and much in line with previous weeks. Late during the previous period at Christchurch New Zealand prices were strong on carpet fleeces "B" style and these sold at 75¢.

WHOLESALE MEAT TRADE REVIEWS

LESS THAN CARLOT MEAT TRADE REVIEW

EASTERN SEABOARD - Steer beef sold steady to 50¢ higher at markets other than New York where the small volume of Prime was steady to 50¢ higher, but Good and Choice closed steady to \$1.00 lower. Cow beef mostly steady, except 50¢-\$1.00 higher at Philadelphia. Veal and calf steady to weak at New York while at Washington Choice fully steady and Good steady to \$2.00 lower, and at other markets veal was steady to \$1.00 higher. Spring lamb strong to \$1.00 higher at Baltimore, otherwise steady to \$3.00 lower, most decline at Philadelphia and New York. Pork loins steady to \$3.00 higher, mostly \$1.00-3.00 up. Other listed pork cuts steady to \$1.00 lower, except Washington steady to \$1.00 higher.

Kosher dressed steer beef was steady to \$1.00 higher; veal and calf unchanged and kosher spring lamb steady to mostly \$1.00 lower.

Supplies of pork were moderate but volume of other classes generally normal, except at Philadelphia where all classes were moderate. Steer carcasses weighing above 800# were limited along with Choice and Prime veal. Trading for beef was moderately active through midweek, but slow on closing sessions. Demand favored most cuts, except arm chucks which were largely bypassed and suffered a \$4.00-5.00 decline at New York. Ribs, steaks and rough cuts moved well at the several markets. Outlet for veal and spring lamb was generally fair but lag in demand was very much evident at New York, particularly volume accounts. Pork fared well in all areas, particularly loins with good clearance of cuts in all areas. Clearance was fairly complete, except some beef and spring lamb unsold late at Washington.

CHICAGO - Compared to the previous Friday, Good and Choice steer beef 50¢-\$1.00 lower, Standard about steady, heifer fully \$1.00 lower, veal steady, spring lamb \$2.00 lower, pork loins 8-16# steady to 50¢ higher, Boston butts 4-8# and spareribs 3# down unchanged.

About normal fresh meat supplies were on hand during the period. Steer beef carcasses mainly scaling 700# and down, volume 800-900# rather small. Most spring lamb in the 35-55# range although some increase 55-65# noted.

Carcass beef trade was slow on each session. Arm and squarecut chucks and rounds were hard to sell, chucks off \$4.00-5.00 compared to late in the previous week, rounds off \$2.00-2.50. Demand was good for beef loins 50-70# and ribs 28# and over, but rather narrow for lighter

weights. Veal trade was moderately active for all weights and grades. Spring lamb slow and lower for the first time in four weeks. Fore-end cuts and loins generally moved fairly well but legs were on the slow side. Demand narrowed for stews and shoulders late. Outlets were adequate for pork loins and spare-ribs, Boston butts 4-8# slow.

PACIFIC COAST - Carcass steer beef sold steady to 50¢ lower in California, heifer was steady to weak. Carcass steer and heifer continued to strengthen in the Portland-Seattle area, selling firm to 50¢ higher. Cow beef was weak to \$1.00 lower in Los Angeles but steady to \$1.00 higher elsewhere. Calf sold mostly steady but veal advanced \$1.00-2.00 in San Francisco. Spring lamb followed an irregular pattern, steady to 50¢ higher in San Francisco, otherwise steady to \$1.00 lower. Pork sold steady to \$1.00 lower except fresh loins steady to \$1.00 higher in Los Angeles, spareribs weak to \$2.00 lower in California and sliced bacon \$1.00-3.00 lower.

CARLOT MEAT TRADE REVIEW

CHICAGO, DENVER, OMAHA, NEW YORK AND PHILADELPHIA - Demand was rather narrow for steer and heifer beef and prices declined. Trading was mostly slow. Supplies were fully normal and somewhat larger than the previous week. Offerings consisted of a larger than normal percentage of 500-700# steer beef. Prices on steer beef worked progressively downward during the week and closed 50¢-\$2.00 lower, mostly \$1.00-1.50 lower. Heifer beef was largely \$1.00-1.50 lower. Influenced by expanded supplies cow beef shared in the decline and sold steady to \$2.00 lower, mostly 50¢-\$1.50 off. Clearance was generally complete on beef offerings.

Supplies of carcass lamb were about normal. Demand was poor and trading generally slow with spring lamb carcasses \$1.00-2.00 lower. Clearance was fairly complete.

Demand was only fair for pork and trading only moderately active. Supplies were moderate. Pork loins sold steady to \$1.00 lower at Omaha and Chicago, pork butts were steady to 50¢ lower. Fresh hams sold \$1.50-2.25 lower. Pork carcasses cleared in an uneven trade with prices 25-50¢ higher at Philadelphia but 25¢-\$1.00 lower at New York. Clearance was near complete on pork products.
